

Virginia Beach Pandemic Relief Partnership IT Technician

Scholarships sponsored by the City of Virginia Beach Relief Grant are available to qualifying candidates in Virginia Beach whose employment has been impacted by COVID-19.

Program Description

This 15-week program includes 3 Microsoft Technology Associate (MTA) foundation classes followed by CompTIA Network+ and CompTIA Security+ classes. All classes in the program include an industry recognized certification. The MTA classes provide the educational foundation with hands-on application to prepare the student for the CompTIA Network+ and CompTIA Security+ classes. CompTIA Network+ and CompTIA Security+ certs provide entry into the IT field as IT Level 1 and IT Level 2 technicians. Second shot vouchers are available for all classes if necessary. Job assistance/placement by TEKsystems is included in this program.

Requirements

All applicants must register at:
<https://vbrelief.org/>

1. Must live in Virginia Beach, VA.
2. Must be unemployed due to COVID-19.
3. Must have some network experience or education.
4. Must register for and be accepted into a 15-week, full time program.
5. Must maintain a C grade point average over a 5-course program.
6. Must take the 3 included Microsoft Technology Associate (MTA) foundational certification exams and either pass or obtain a score of 60 or above to continue in the program.
7. Must agree that this certification program is the primary endeavor during the training period.

Prerequisites

A basic knowledge of networking and a strong desire to enter the IT industry.
